Sir:

In reply to the June 12, 2003 Restriction Requirement, Applicants provisionally elects Group I, claims 1-20, 25-43, 45 and 46, with traverse.

It is also respectfully submitted that the subject matter of all claims 1-46 sufficiently related that a thorough search for the subject matter of any one Group of claims would encompass a search for the subject matter of the remaining claims. Thus, it is respectfully submitted that the search and examination of the entire application could be made without serious burden. See MPEP §803 in which it is stated that "if the search and examination of an entire application can be made without serious burden, the examiner must examine it on the merits, even though it includes claims to independent or distinct inventions" (emphasis added). It is respectfully submitted that this policy should apply in the present
